OFFICE OF EDUCATION AND DATA MANAGEMENT
FALL 2006

❖COURSE DESCRIPTIONS❖

****2003 IBC FUNDAMENTALS***

This 1-day seminar will cover the basic layout of the 2003 IBC including: where to find things, what is covered and what is not covered in code. This seminar is for building & fire code enforcement officials.

6 credits Bring 2003 IBC

**2003 IBC CHAPTER 17 – SPECIAL INSPECTIONS
[Advanced Level]**

The latest building code requirements will be covered with practical examples of how to conduct and enforce special inspections.

3 credits Bring 2003 IBC

****2005 CT FIRE SAFETY CODE GUIDEBOOK:
WHERE, WHAT & WHY***

This program will discuss the current issues relating to the application of the 2005 CT State Fire Safety Code Guidebook. Using the guidebook, the instructor will present problems that have been discovered and potential solutions.

3 credits Bring CT Fire Safety Code Guidebook

**2003 IFC HAZARDOUS MATERIALS PROVISIONS
[Intermediate Level]**

This 1-day seminar presented by an ICC instructor, will describe the applicable CT code requirements and amendments in the 2003 IBC and the 2003 IFC to determine compliance for hazardous materials

6 credits Bring 2003 IBC & IFC

**INTRODUCTION TO WALL BRACING
BASED ON THE 2003 IRC**

This class will discuss wall bracing fundamentals and wall bracing in the IRC. It will include the requirements for wall bracing and its limitations, several methods of wall bracing, their individual strengths and weaknesses. The APA Narrow Wall Bracing Method will also be introduced. A portion of the class instruction will present common framing mistakes with Engineered Wood Products in application, installation and design.

3 credits Bring 2003 IRC

NFPA 13R – RESIDENTIAL SPRINKLER SYSTEMS

This class will offer an overview of NFPA 13R concerning the installation and maintenance of residential sprinkler systems. The presentation will also include frequent problems with sprinkler installations in general.

3 credits Bring 2003 IRC

**ENVIRONMENTAL, HEALTH, & SAFETY ISSUES
FOR THE BUILDING & FIRE COMMUNITY**

Asbestos, lead, and other environmental, health and safety hazards will be reviewed to provide local building and fire officials with a basic working knowledge when encountering issues in the field. Overview of pertinent DPH and DEP regulations will also be presented to give inspectors regulatory guidance. An EHS brochure and “red flag” document will be distributed to attendees and reviewed as part of the class. 3 credits

2003 IBC WOOD DESIGN ASD [All Levels]

An ICC instructor will provide an overview of the various elements of wood design in this 1-day seminar. Objectives include identifying structural applications for beams, columns, shear walls and diaphragms and identifying the Allowable Stress Design [ASD] method for wood. References will be made to the 2003 IBC and National Design Specifications [NDS].

6 credits Bring 2003 IBC

****FIRE PROTECTION FEATURES (PASSIVE)
IN THE IBC & IFC***

Concepts of passive fire protection – fire resistive construction, vertical opening protection, smoke control, compartmentation, fire stopping, building materials and interior finishes will be presented.

3 credits Bring CT Fire Safety Code Guidebook

****2003 IMC FUNDAMENTALS***

During this overview, building officials, mechanical inspectors, fire officials and design professionals will learn how to administer and enforce the new code requirements. You can gain a better understanding of the 2003 IMC and improve your ability to locate, inspect and apply its requirements.

6 credits Bring 2003 IMC

PRACTICAL FIRE SCENE INVESTIGATION

This training seminar will focus on conducting a practical fire scene examination. The training will include hands-on material with an emphasis on conversation as opposed to lecture materials. Participants MAY BRING an item of interest from a fire scene, a question, and/or an answer. 3 credits

****CFSCG PART III - NEW CONSTRUCTION,
RENOVATIONS & CHANGE OF USE***

A systematic approach to the proper application of the requirements governing occupancy classification means of egress and fire protection.

6 credits Bring CT Fire Safety Code Guidebook

** Course Content is associated with the 2005 CT Fire Safety Code*

CLASS CHANGES & CANCELLATIONS

Classes with less than 15 registrants may be cancelled. The Office of Education and Data Management reserves the right to make any date or location change that may become necessary. You will be notified if you have registered for a class and there is a change or cancellation.

In case of inclement weather, calls regarding class cancellation may be directed to State Police Headquarters' Message Center after 6:30 a.m. for day classes and after 4 p.m. for evening classes at 1-800-842-0200 or 860-685-8190. The following RADIO STATIONS will carry cancellation/delay information: WTIC-AM (1080), WRCH FM (100.5), WTIC FM (96.5), WZMX FM (93.7), WICH AM (1310), WCTY FM (97.7), WNLC FM (98.7), AND WKNL FM (100.9).

DIRECTIONS TO TRAINING SITES

Can be found on the Office of Education and Data Management website: www.ct.gov/dps

****PARKING**

Colchester – Cars will be ticketed & towed parked in front. Use only side lots or synagogue lot.

Norwich – Overflow parking is in the church parking lot located on next street that is above the firehouse parking lot.

Norwalk City Hall – From East Avenue, turn onto Eversley Ave. and take 4th driveway on left, park in lots on right.

Trumbull Center – Has very limited parking, please car pool if possible.

UConn West Hartford Campus – Visitor parking lot entrance is on Trout Brook Drive. Do not parking behind building, cars will be ticketed and towed.

Educational Programs are made possible through the Code Training & Education Fund. Revenue for the fund comes from assessments on building permits.
